

TYAD Industry Day: Environmental Service Contracts and Opportunities for Small Business

**Mr. Michael Parrent,
Chief, Environmental Branch,
Directorate of Installation Services**

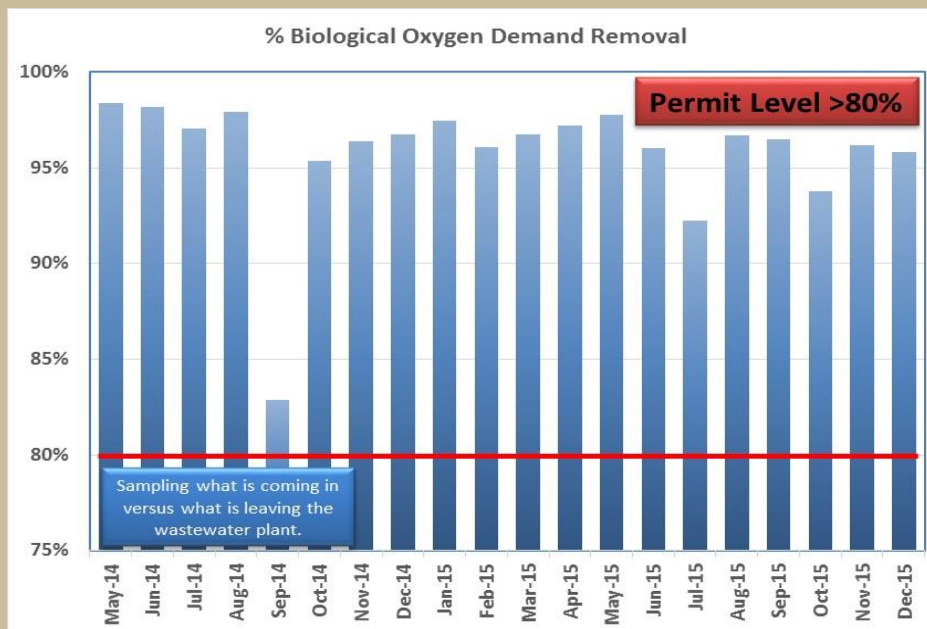

12 Apr 16

Recurring Environmental Service Contracts

- Sampling and Analysis
 - Waste Characterization (hazardous/residual)
 - Drinking Water
 - Wastewater
 - PCB

Recurring Environmental Service Contracts

- Refuse Removal
- Oil/Water Separator Maintenance
- Recycling Trailers
- Wood Recycling
- Paper Shredding

Recurring Environmental Service Contracts Requiring Certification

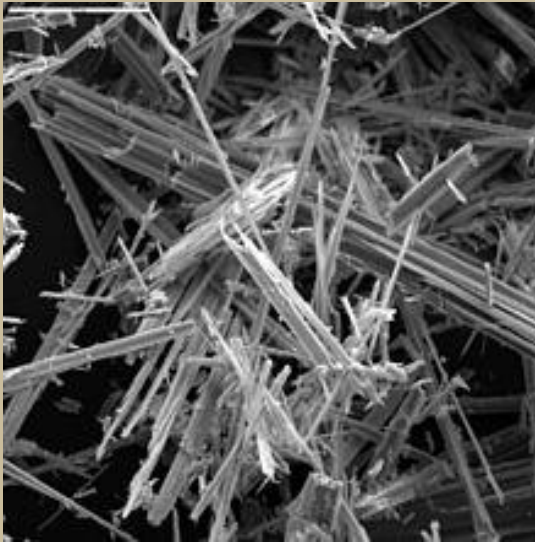

- Storage Tank Maintenance
- Pest Control
- Vegetation Control

As Needed Environmental Service Contracts

- Asbestos Removal
- Unexploded Ordnance Clearing (requires certification)
- Hazardous Material Spill Cleanup

Reducing Hazards

- Hazardous Material Review Board (HMRB)
 - All new hazardous materials must be reviewed for environmental/health impacts
 - Authorized to approve/deny hazardous materials

- Samples
 - Provide SDS for approval
 - Must have a proponent who wants to try the material
 - If a product is more environmentally friendly or has less impact on health, HMRB will help find a proponent

At the End of the Day...

It's all about the Warfighter!
